CONSTITUTION OF THE INCUBATION AND ENTREPRENEURSHIP CELL (IEC) FOR THE AY 2025-2026

The **Incubation and Entrepreneurship Cell (IEC)** has been established at Kripalu Mahila Mahavidyalaya with the vision to promote a dynamic and supportive ecosystem for innovation, research, and entrepreneurship. The Cell aims to facilitate transformation of innovative ideas from students and faculty into technologically feasible and commercially viable ventures, nurturing a culture of self-employment and start-up creation.

Objectives of the Cell:

- Act as a catalyst for entrepreneurial growth on campus by identifying innovative ideas from students and faculty, and offering pre-incubation support, structured early-stage mentorship, and access to institutional and external resources.
- Integrate entrepreneurship into the academic curriculum and encourage interdisciplinary projects with real-world impact.
- Conduct targeted sessions, start-up talks, competitions, workshops, and hackathons to develop entrepreneurial skills and mindset, while raising awareness of national initiatives such as Start-up India, Atal Innovation Mission, and Make in India.
- Train students to identify, apply for, and navigate funding opportunities offered by investors and government bodies such as DST, MSME, and AICTE.
- Build strategic partnerships with nearby institutions, research centres, and industries to strengthen the regional innovation ecosystem.
- Provide one-on-one mentorship through faculty, alumni, and industry experts; guide students in patent filing and IP protection; and support incubated ventures through milestone tracking, regular reviews, and the sharing of success stories to inspire others.
